Subject

Understanding GDPR for the Dental Professions: A Practical and Regulatory Analysis

GDC recommended topic: Not applicable

Aims	Objectives	Outcomes	Anticipated GDC development outcomes
------	------------	----------	--------------------------------------

This webinar will provide the guidance and documentation for practice principals, practice managers and those responsible for data compliance to implement the changes your dental practice needs in order to comply with the GDPR.

The presentation will cover:

- Understanding GDPR as a legal and regulatory instrument
 - Key definitions under GDPR i.e. who is a data subject, data controller, data processor and supervisory authority
 - What is meant by Personal Data?
 - What is meant by Sensitive Data?
 - Data Processing and Data Controller under GDPR
 - What is meant by legitimate consent under GDPR?
 - Understanding the role and need of Data Protection Officer
 - Supervisory Bodies under GDPR
 - Proportionality under GDPR
 - Supplier i.e. vendor management under GDPR
 - Privacy Impact Assessment
 - Audit requirements under GDPR
 - New rules regarding privacy and cookie notices
 - Fines under GDPR
- Practical examples will be used to

On completion you will understand why GDPR is being introduced and how to implement the changes relevant to your practice so that you are fully compliant with the law.

1.A: Effective communication with patients, the dental team and others across dentistry, including when obtaining consent, dealing with complaints, and raising concerns when patients are at risk.,

2.B: Effective management of self and effective management of others or effective work with others in the dental team, in the interests of patients; providing constructive leadership where appropriate.,

3.D: Maintenance of skills, behaviours and attitudes which maintain patient confidence in you and the dental profession and put patients' interests first.
